

LEMANIAENERGY[®]

Switzerland 

**PROFESSIONAL QUALITY
BATTERY EQUIPMENT MANUFACTURER**

TRUST US, IT'S OUR BUSINESS.

≡ DEVELOPING THE TECHNOLOGY TO KEEP YOU MOVING

Lemania Energy was founded in 1993 in Geneva Switzerland. For over 25 years we have been constantly innovating and developing the technologies that form the foundations of our business.

We set out to provide the industry with the highest quality Swiss made and designed products. The success of these products soon reached all corners of the globe where professionals now rely on them daily. As the Original Start Booster manufacturer; the quality, reliability and dependability of our products brought the term Start Booster into common usage. Continually striving for excellence, Lemania Energy is your first and last stop for all Battery Equipment. Trust us, it's our business.

PROFESSIONAL FEATURES

Reverse Polarity Alarm

Integrated LED Light

NATO Connector

Integrated Safety Fuse

Circuit Breaker

Glass Fiber Reinforced Nylon

Digital Voltmeter

12V-Off-24V Switch

Durable Hinges

50mm² Pure Copper flexible cables

Test Button

Clamp LED

Braided Teeth Connection

Pure Copper Teeth

INDUSTRIAL QUALITY

≡ BATTERY TESTER

Our Professional range of highly accurate Battery Testers are the ultimate tool for professionals. They are able to perform tests on all automotive batteries as well as the Starter, Alternator and Ground of a vehicle in 12V and 24V. Users can enter data using the responsive touch pad; such as the Garage name or VIN number and this information will be printed by the inbuilt Thermal Printer on the test results. The bright, back-lit LCD screen and pictogram based interface make the Tester simple and easy to use.

≡ CRITICAL ACCURACY

≡ SMART CHARGER

**+ BOOST
MODE**

Our range of intelligent 7 & 9 step Smart Battery Chargers are the perfect solution for all vehicles and batteries; from motorcycles to heavy trucks, they are compatible with all Lead Acid batteries. Ranging from 1.1 to 25A and compatible with 6V, 12V and 24V batteries. Our chargers can charge, supply steady current, maintain and recondition batteries prolonging their life. The intelligent charging process allows the charger to be safely left permanently connected to a battery to provide continuous maintenance once charged.

≡ ALWAYS PREPARED

WWW.LEMANIA-ENERGY.COM

≡ ADVANCED BATTERY CHARGER

Li
Lithium
Compatible

Our new range of Advanced Battery Chargers can Charge, Maintain, Restore and Test all types of batteries including Lithium-Ion. By using an adaptive multi-step charging process they ensure maximum charge absorption and extend battery life. The inbuilt Battery Test function allows users to quickly and accurately check the health state of the battery and the results are displayed on the bright, clear LCD screen.

≡ CHARGE EVOLUTION

WWW.LEMANIA-ENERGY.COM

FLASH CHARGER

Our range of intelligent programming chargers are the ultimate workshop tool. With power outputs up to 150A they are equipped with multiple modes such as: Showroom - delivering current to power vehicle accessories. Programming - providing a stable voltage and amperage environment for ECU flashing or software updates. Battery Replacement - protecting ECU and module settings during battery changes. Multi-Step Charge and Reconditioning mode for internal and external batteries. Truly the choice of professionals.

CRITICAL STABILITY

≡ HEAVY APPLICATIONS

Equipped with NATO's standard vehicle or Battle Tank connector, our powerful Start Boosters & Start Trucks can be relied upon by the Armed Forces in critical circumstances.

The Accessory Socket can be fitted to our range and combined with various extensions such as proprietary Transport connectors or extra long clamp attachments. These accessories extend the range of possibilities.

≡ LED LIGHTS

Our powerful range of rechargeable Work Lights allow professionals to get the job done safely. Providing bright light in hard to reach places, our work lights are easy to position and fix in place thanks to their flexible design and powerful magnetic bases. Each Work Light has multiple power levels to balance battery life and brightness to the user's requirement.
